

# Our clinic is using a **new patient app.**

1. **Download** the 'TELUS CHR Connect' app from an app store or access the desktop version at [chrconnect.telushealth.com](http://chrconnect.telushealth.com).

2. **Sign up** for an account.

3. Complete the steps to **finalize your registration**.

4. The application's help documentation is rich with information that could address **any questions you may have**.
